The Executive Secretary,
 Imo State Health Insurance Scheme,
 Owerri, Imo State.

Dear Sir,

**COST PROPOSAL FOR REGISTRATION HARDWARES PER
 REGISTRATION OFFICER**

Sequel to our meeting with the Hon. Commissioner of Health in 2018, it was agreed that 10 instead of 30 registration points be set up to capture enrolees. This was due to the financial constraints facing the ministry at that time.

However, there is need to increase the number of Registration Officers across the Local Government Areas in the State in order to capture more enrolees. Therefore, more computers should be acquired.
